

THE CANADIAN MERCHANT SERVICE GUILD

PROTECT YOUR INCOME

New increased benefits offered

The frequency of certificate and licence suspensions resulting from marine mishaps may increase due to amendments to the enforcement and penalty provisions of marine legislation in Canada. The Guild is pleased to provide optional income protection to members on a voluntary basis. Benefits are paid in compensation for the actual loss of remuneration due to the suspension or revocation of the member's certificate or licence, by any duly authorized Canadian Authority, Board, Commission or Court as a result of a marine occurrence involving the member acting in an official capacity as a Ship's Master, Deck or Engineer Officer or as a Pilot licenced to furnish pilotage services in the district in which the marine occurrence takes place.

Benefits are payable monthly for a period not exceeding 12 months in the case of the suspension and not exceeding 18 months in the case of the revocation of the said certificate or licence. Monthly benefits paid shall not exceed the basic remuneration normally received by the member and no benefits are payable for any period during which the member is normally unemployed.

Any questions concerning the coverage should be made directly to the Guild's National Office. If you already have this coverage and would like to increase it, please contact the National Office by email at cmsg@ottawa-email.com.
